

# The Sleeping Necessities

- Tent
- Sleeping bags
- Pillows
- Sleeping pads (My family has fully embraced “glamping” and we sleep on a queen size inflatable mattress. I fully endorse this method! However, it can be chilly)
- Extra blanket for air mattress insulation (under sleeping bags)
- Stuffed animal (If your kiddos are of the age that these are necessary)
- Hand warmers (If it’s cold, these are great for putting inside sleeping bags to keep you toasty)
- Bedtime stories
